When making the decision which company to choose, the obvious things to check off such as referrals from people you trust, proper insurance, background and experience are all important elements. Also, it's important to verify the company you select is a member in good standing with the painting industry association PDCA – the Painting and Decorating Contractors of America.

When you're looking to do business with a company that provides attention to your details, someone you can trust being in your home, around your family or at your business and around your employees, use our easy to use comparison and evaluation form on the following page.
